

# *Safer Internet Day*

**2025** Tuesday 11 February

# ***What Is Safe Internet?***

**Safe internet is an internet access that largely protects us from harmful content on the internet**

## *To protect yourself from the harms of the internet:*

- ★ **Using antivirus program**
- ★ **Using up-to-date software**
- ★ **Use firewall**
- ★ **Protect personal data**
- ★ **using reliable passwords**

**etc.**
